Stephanie:

The counties have traffic detour plans for the bridges that they have offered to share with the CPG.

As we discussed earlier, attached is updated status on the Bridge St Bridge which was successfully opened and the Co .Engineer feels can be opened for the mobilization.

Hi Rob,

Has GLDD developed a traffic control plan for all of the bridges requiring opening for mobilization, assuming that each will need to remain open for a 5 to 6 hour window?

Just checking.

Thanks,  
Stephanie
